

HOUSE OF NEIGHBORLY SERVICE **ENTERPRISE ZONE TAX CREDIT**

WHAT IS THE ENTERPRISE ZONE TAX CREDIT?

The Enterprise Zone Contribution Tax Credit encourages private donations to programs that create or maintain jobs within the Enterprise Zone area, which is a state-designated area in need of economic growth and diversification. House of Neighborly Service (HNS) has been selected as a contribution project due to its important role in providing direct assistance to community members struggling to find stability.

As a Colorado taxpayer, the Enterprise Zone Contribution Tax Credit decreases the amount of taxes you owe and gives you an opportunity to invest in your community. Your contribution, added to others, supports HNS's efforts to assist local individuals and families to connect to the resources they need.

HOW DOES IT WORK?

All donors who make a cumulative, minimum cash donation gift of \$100 or more will receive 25% of that amount as a credit against their state tax liability. This tax credit is in addition to the applicable federal and state income tax deductions. Enterprise Zone required information must be fully completed and returned to HNS prior to year-end. Then, the Enterprise Zone Certificate will be mailed to you to use for your taxes. Taxes must be filed electronically in order to claim your tax credit. ****12.5% for In-Kind Donations.**

* Please note that in accordance with Department of Revenue requirements, in order to claim Enterprise Zone Tax Credit, donors will have to provide the last four digits of their social security number to HNS in order to complete tax form DR0075.
